Description

We are currently seeking an accurate and focused Cleanroom Assembly Operator for our client in Eindhoven. In this varied role, you will clean and assemble high-quality products in a controlled cleanroom environment.

Do you enjoy working with technical drawings and maintaining high quality standards? Then this position could be a great fit for you.

Responsibilities

Our client is a large international company that works with leading organizations such as ASML. As a Cleanroom Assembly Operator, you will assemble high-quality products according to technical drawings and check that they meet the required specifications.

- Cleaning and assembling products in a cleanroom environment;
- Working accurately from technical drawings;
- Checking product quality and compliance with specifications;
- Collecting products and entering their details into an Enterprise Resource Planning (ERP) system;
- Packing assembled products and preparing them for shipment.

Working hours: Monday to Friday in a weekly rotating two-shift system. One week you will work from 06:00 to 15:00, followed by a week from 15:00 to 00:00.

Job Benefits

What do we offer you as a Cleanroom Assembly Operator?

- A gross monthly salary between €3,149.46 and €3,286.39;
- A travel allowance of €0.25 per kilometre for journeys of 10 kilometres or more;
- Plenty of opportunities for professional growth and development within the organization;
- A solid pension scheme from your first working day.

Qualifications

What do we expect from you as a Cleanroom Assembly Operator?

- The ability to read technical drawings confidently;
- A good command of English;
- An accurate and focused approach to your work;
- Willingness to learn new skills and develop within the company.
