Cleanroom Operator Foil

Description
We are currently seeking motivated Cleanroom Employees for the foil department at our major client in Eindhoven. Our client is a leading international company specializing in high-tech packaging solutions for valuable technical components.

As a Foil Cleanroom Operator, you will work in a clean and controlled environment to ensure that high-quality technical parts are properly protected for international air transport.

Responsibilities
Our client is a leading international company that develops and produces packaging solutions for high-quality technical products. These packaging solutions are designed to protect delicate and expensive components during transportation, including components used for ASML machines.

In this role, you will work in a cleanroom environment as part of a close-knit team of approximately 7 to 10 colleagues. Effective communication, accuracy, and teamwork are important within the department.

Job Benefits
What do we offer you as a Foil Cleanroom Operator?

- An attractive gross salary of €3,149.46 per month;
- A full-time position within a leading international company;
- The opportunity to work for a company that collaborates with major organizations, including ASML;
- The possibility to work on Saturdays or Sundays, if desired;
- Additional weekend allowances of 150% on Saturdays and 200% on Sundays;
- A solid pension scheme from your first working day;
- A pleasant working environment within a close-knit and friendly team;
- The opportunity to learn new skills and develop yourself within the company.

Qualifications
Your responsibilities as a Foil Cleanroom Operator will include:

- Cutting foil using a machine;
- Packaging high-quality technical components;
- Customizing protective foil based on customer requirements;
- Producing foil protection for technical equipment, including ASML machines;
- Following work instructions, guidelines, and procedures;
- Maintaining a clean and organized workplace;
- Noticing and reporting any deviations.

You will work in a two-shift system on a weekly rotating basis:

From Monday to Friday, you will work from 6:00 a.m. to 3:00 p.m. The following week, you will work from 3:00 p.m. to 12:00 a.m.
