Employment Type
Full-time

Industry
Manufacturing

Job Location
Eindhoven, North Brabant, Netherlands

Working Hours
32-40 hours per week

Base Salary
2,700

Date posted
November 5, 2026

Description

We are currently seeking an accurate and technically skilled CNC Operator for our client in Eindhoven. You will independently set up and operate CNC machines to produce high-quality plastic components.

Do you enjoy precision work and actively contributing ideas for process improvements? Then this position could be a great fit for you.

Responsibilities

As a CNC Operator, you will work with advanced 3-axis and 5-axis CNC machines. You will set and measure tools, check product quality, and ensure that each component meets the required specifications. Safety and accuracy are central to your work.

- Independently setting up and operating CNC machines to produce plastic components;
- Setting and measuring tools for 3-axis and 5-axis machines;
- Inspecting products and ensuring accurate finishing;
- Maintaining machines, tools, and equipment;
- Responding to production deviations and suggesting process improvements;
- Following safety guidelines and keeping the production process running efficiently.

You will join a motivated team with an informal working atmosphere, producing precision components for industries including semiconductors, packaging, and food.

Job Benefits

What do we offer you as a CNC Operator?

- A gross monthly salary between €2,700 and €3,570, depending on your experience and skills;
- A travel allowance of €0.25 per kilometre for journeys of 10 kilometres or more;
- Opportunities for personal and professional development in the high-tech industry;
- A safe working environment with a motivated and knowledgeable team;
- The opportunity to work with advanced CNC machines, with a strong focus on precision and quality.

Qualifications

What do we expect from you as a CNC Operator?

- Experience in CNC milling or turning, or willingness to develop these skills;
- A good command of Dutch and/or English, both spoken and understood;
- Attention to detail and the ability to inspect product quality;

Apply!

Fill up the application form below:

- The ability to set up machines independently and measure tools accurately.
