Production Operator

Description
We are looking for a skilled operator to join our blend station where fruit juices, concentrates, and purees are processed. Your role will involve loading and unloading tankers, connecting pipes to tanks or loading locations, and adding additives. With your forklift operation experience and attention to detail, you will contribute to maintaining efficient operations in our blend station.

Job description
As an operator in our blend station, your primary responsibility will be the processing of fruit juices, concentrates, and purees. This entails tasks such as loading and unloading tankers, connecting pipes to tanks or loading locations, and incorporating additives as required. Your expertise in forklift operation, combined with your keen attention to detail, will play a vital role in ensuring the smooth and efficient functioning of our blend station.

Job Benefits
What we offer you as a Production Operator:

- You will have 25 days of annual leave;
- The working hours are from 7:00 a.m. to 3:45 p.m. for the day shift and from 3:45 p.m. to 11:00 p.m. for the evening shift;
- You will work in a two-shift system;
- You will receive a travel allowance based on the distance you travel. For distances of 10-15 km, the allowance is 3 euros. For distances of 15-20 km, the allowance is 4.20 euros. For distances above 20 km, the allowance is 6 euros;
- We provide extensive possibilities for your professional growth and learning.

Qualifications
What we expect from you as a Production Operator:

- You should have the physical capability to handle heavy work and perform tasks that may require lifting or carrying materials;
- Strong communication skills in English or Dutch are essential to effectively communicate with team members and follow instructions;
- It is required to have your own accommodation in the Vlissingen area to ensure easy accessibility to the workplace;
- Flexibility in working shifts is necessary as the role involves working in a two-shift system, accommodating the operational needs;
- Previous experience as an operator in a similar production or manufacturing environment will be highly valued and considered advantageous for this position.

How to apply?
If the Production Operator position has piqued your interest, we would be delighted to receive your CV. You can fill out the application form and press on “Send Application”.
