Reachtruck Operator

Description
We are currently seeking a skilled reach truck operator to join our team. As a reach truck operator, you will play a crucial role in our client's mission to reimagine the global food supply chain. Their innovative technology, streamlined operations, and extensive network of facilities have positioned them as one of the most dynamic companies in temperature-controlled logistics worldwide.

Job description
As a reach truck operator with our client, you will be an essential part of transforming the global food supply chain. Your role will be to ensure the efficient and effective distribution of food by operating a reach truck within temperature-controlled environments.

Using innovative technology and adhering to streamlined operations, you will contribute to preserving the quality and freshness of food throughout the distribution process. Your responsibilities will include accurately and safely operating the reach truck to pick and store products, load and unload shipments, and maintain proper inventory control.

Working in colder environments, you will navigate through the facility's temperature-controlled areas, ensuring that products are handled with care and maintained at optimal conditions. Your expertise as a reach truck operator will be crucial in safely and efficiently moving goods, contributing to the seamless flow of the supply chain.

By joining our client's dynamic team, you will have the opportunity to make a significant impact in the field of temperature-controlled logistics and play a vital role in reimagining the global food supply chain.
