**Industry**
Manufacturing

**Job Location**
Eindhoven, North Brabant, Netherlands

**Working Hours**
32-40 hours per week, two-shift system

**Base Salary**
3,149.46

**Date posted**
November 5, 2026

### Description

We are currently seeking an experienced Wood Assembly Employee for our client in Eindhoven. In this role, you will build and fit out transport containers and wooden crates, with a strong focus on quality and attention to detail.

Do you enjoy woodworking, work accurately, and feel comfortable working independently in a production environment? Then this position could be a great fit for you.

### Responsibilities

As a Wood Assembly Employee, you will be responsible for the complete assembly process, from constructing transport containers and crates to carefully finishing their interiors. You will make sure that each container meets the required quality standards and is ready for transport.

- Building and fitting out transport containers and wooden crates;
- Completing both the construction and interior finishing work;
- Checking finished containers against quality requirements and transport specifications;
- Working accurately and efficiently according to specifications;
- Contributing your craftsmanship to the production process.

You will work in a two-shift system.

### Job Benefits

#### What do we offer you as a Wood Assembly Employee?

- A gross monthly salary between €3,149.46 and €3,286.39;
- A travel allowance of €0.25 per kilometre for journeys of 10 kilometres or more;
- The opportunity to work for a leading international company that collaborates with organizations such as ASML;
- Opportunities for professional growth and development;
- A solid pension scheme from your first working day.

### Qualifications

#### What do we expect from you as a Wood Assembly Employee?

- Experience in wood assembly or a similar role;
- Attention to detail and the ability to work precisely;
- The ability to work independently in a production environment;
- Flexibility and willingness to work in a two-shift system.
